

Productnumber: A.57.01.050
According to 1907/2006/EG, Article 31

1. Identification of the substance/preparation and of the company/undertaking

Trade name: StecoForm® Flex
Application of the substance/the preparation: Impression material for maxillofacial prostheses
Manufacturer/Supplier: stecco-system-technik GmbH & Co.KG
Kollaustraße 6, 22529 Hamburg
Contact: Tel.: +49 (0)40 55 77 810, Fax.: +49 (0)40 55 77 8199

2. Hazards identification

Hazards description: Not applicable.
Information concerning particular hazards for human and environment: The product does not have to be labelled due to the calculation procedure of the „General Classification guideline for preparations of the EU“ in the latest valid version.
Classification system: The classification is according to the latest editions of the EU-lists, and extended by company and literature data.

3. Composition/information on ingredients

Chemical characterization
Description: Room temperature vulcanising 2-component silicone.
Dangerous components: Viold.
Additional information: For the wording of the listed risk phrases refer to section 16.

4. First-aid measures

General information: No special measures required.
After inhalation: Supply fresh air; consult doctor in case of complaints.
After skin contact: Generally the product does not irritate the skin.
After eye contact: Rinse opened eye for several minutes under running water.
After swallowing: If symptoms persist consult doctor.

5. Fire-fighting measures

Suitable extinguishing agents: Use fire extinguishing methods suitable to surrounding conditions.
Protective equipment: No special measures required.

6. Maßnahmen bei unbeabsichtigter Freisetzung

Person-related safety precautions: Avoid contact with skin and eyes.
Measures for environmental protection: Do not allow to enter sewers/ surface or ground water.
Measures for cleaning/collecting: Absorb with liquid-binding material (sand, acid binders, universal binders, sawdust).
Additional information: No dangerous substances are released.

7. Handling and storage

Handling
Information for safe handling: When using do not eat, drink or smoke.
Information about fire – and explosion protection: No special measures required.

Storage
Requirements to be met by storerooms and receptacles: Keep container tightly sealed.
Information about storage in one common storage facility: Not required.
Further information about storage conditions: None.

8. Begrenzung und Überwachung der Exposition/persönliche Schutzausrüstung

Additional information about design of technical facilities:
 No further data; see item 7.

Ingredients with limit values that require monitoring at the workplace:
 The product does not contain any relevant quantities of material with critical values that have to be monitored at the workplace.

Additional information:
 The lists valid during the making were used as basis.

Personal protective equipment
 General protective and hygienic measures: The usual precautionary measures are to be adhered to when handling chemicals.
 Respiratory protection: Not required.
 Protection of hands: The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.
 Due to missing tests no recommendation to the glove material can be given for the product/ the substance/ the preparation/ the chemical mixture.
 Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.
 Material of gloves: The selection of the suitable gloves does not only depend on the material, but also
 on further marks of quality and varies from manufacturer to manufacturer As the
 material product is a preparation of several substances, the resistance of the glove
 cannot be calculated in advance and has therefore to be checked prior to the
 application.

Penetration time of glove material:
 The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye protection: Goggles recommended during refilling.

9. Physical and chemical properties

General information

Form: Viscous
 Color: Orange
 Odour: Characteristic

Change in condition

Melting point/melting range: Undetermined
 Boiling point: 301 °C

Safety features

Flash point: 161 °C
 Ignition temperature: 400 °C
 Self-igniting: Product is not selfigniting.
 Danger of explosion: Product does not present an explosion hazard.
 Vapour pressure at 20° C: 5 hPa
 Density at 20° C: 1,1 - 1,2 g/ml
 Solubility in/ miscibility with water: Not miscible or difficult to mix.

10. Stability and reactivity

Thermal decomposition/
 Conditions to be avoided: No decomposition if used according to specifications.
 Dangerous reactions: No dangerous reactions known.
 Dangerous decomposition products: No dangerous decomposition products known

11. Toxicological information

Acute toxicity

Primary irritant effect:

on the skin:

No irritant effect.

on the eye:

No irritant effect.

Sensitization:

No sensitizing effects known.

Additional toxicological information:

The product is not subject to classification according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version. When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us.

12. Ecological information

General notes:

Water hazard class 1 (German Regulation) (self-assessment): slightly hazardous for water. Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

13. Disposal considerations

Product

Recommendation:

Disposal must be made according to official regulations.

Uncleaned packaging

Recommendation:

Disposal must be made according to official regulations.

14. Transport information

Land transport ADR/RID (cross-border)

ADR/RID-class:

Maritim transport IMDG

IMDG Class:

Marine pollutant:

No

Air transport ICAO-Ti und IATA-DGR

ICAO/IATA Class:

15. Regulatory information

Labelling according to EU guidelines:

Observe the general safety regulations when handling chemicals. The product is not subject to identification regulations under EU Directives and the Ordinance on Hazardous Materials (German GefStoffV).

National regulations:

Water hazard class:

water hazard class 1 (self-assessment): slightly hazardous for water.

16. Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
